Where We're Going

Forbes

- According to Forbes magazine, wearable technology will be a \$34 Billion industry by 2020
- 123 Million devices have been sold in 2016
- 411 Million devices projected by 2020
- Wor(l)d's goal is to capture 3% of the wearable device market by 2020
- 12 Million devices sold = \$3 Billion Company

What's In It For You?

- Are you familiar with Fitbit?
- Knowing what you know now about Fitbit, if you had the chance to be in at the beginning would you?

This represents someone at the top of the structure who overrides hundreds of sales beneath them. This potentially means thousands of dollars paid out weekly!

The following illustrations are for educational purposes only and they are not meant to serve as income guarantee. Success in this business requires hard work, dedication and good sales skills. The average participant normally earns between \$500 and \$2,000 per year. Some earn less while some earn much more.
