

PASSPORT SAUNA SERIES

Loaded with upgrades, the Passport Series provides high value in traditional Finnish saunas.

Imagine having a luxurious Finnish sauna experience quickly, easily and wherever you like...

- Plug-in portability
- Easily installs in about one hour
- Digital technology with 24-hour programmability
- Color light therapy system
- Bluetooth sound system.
- Sauna heater can be used wet (with steam) or dry
- 3 sizes/models available

Sauna ownership was never so easy.

TYLÖ®

PASSPORT SAUNA SERIES

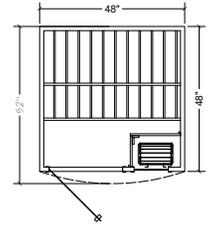

The Passport Series has quickly become known as one of the best values in traditional saunas. Several unique features make it one of the easiest saunas to own—easy to assemble with plug-in simplicity, yet loaded with upgrades usually found only in designer-type saunas.

Tylo's goal was to create a value line of traditional Finnish saunas with ease-of-ownership features similar to our Infrared Sauna line. The Passport Series has, remarkably, achieved those goals. All Passport Saunas include the following features:

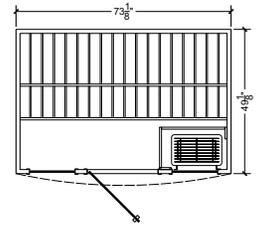

- Clear Canadian Hemlock interior and exterior
- Exterior finished with biodegradable wood treatment for luxurious look and for ease in maintenance
- Bluetooth sound system
- Interior low voltage lighting and color therapy lighting
- Built-in floor with vinyl surface
- Simple hook & pin panel design; easily installs in about one hour
- Stainless steel Viki or Junior wet/dry sauna heater
- SaunaLogic2 control with optional worldwide mobile app
- 3 sizes available (4x4, 4x6, 5x7)
- Bucket and ladle

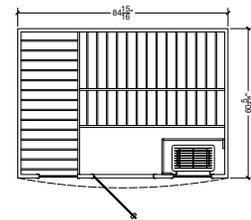

PS 44 / 48" x 48" / 2-Person

PS 46 / 48" x 72" / 3-Person

PS 57 / 60" x 84" / 2 or 3 Person

SAUNALOGIC2®

Each Passport Sauna includes a SaunaLogic2 Control with worldwide mobile app.
