

## EI500 Series

### Digital In-Wall Timers

The EI500 Series Decorator Digital In-Wall Time Switches are compact 7-Day timers that provide up to 7 ON and 7 OFF operations per week.

#### Features

- Easy to program for 24-Hour or 7-Day load control
- Compact, quiet, low profile design
- Continuously displays time of day, day of week, and load status
- Replaces single-pole switches in a variety of applications
- Internal rechargeable battery - minimum 36 hour backup
- CFL/LED compatible

*Note: Requires neutral wire.*

*Not for use with sunlamps, saunas, or loads that could cause personal injury if timed incorrectly.*
