

CPS Torpedo Pumps

The Torpedo Pump is the first pump designed for the pond enthusiast that is lightweight, water cooled, uses no oil and can be used in or out of water. Its high volume water flow and low energy consumption make it the most unique pond pump available, and it requires no tools for installation.

Features & Benefits

- High flow for bio filters & waterfalls
- Cap start motor for low energy consumption
- Water cooled for environmental safety
- 20' power cord for convenience
- Non-corrosive construction for longevity
- Use in or out of water
- Convenient handle for easy installation & service

Pump Applications

- Water displays
- Ponds
- Aeration
- Waterfalls
- Powers large bio filters

T1500

Large ponds up to 4000 gal.
10¹/₂" x 5¹/₄" x 6"
1" intake and discharge
20' power cord

T4000 (shown)

Extra large ponds up to 6000 gal.
13³/₈" x 6³/₄" x 6"
1¹/₂" intake and discharge
20' power cord

No tools required

T7500 & T10000

Large 3" intake & discharge
Available Winter 2003

Model	Amps (Min/Max)	Watts (Min/Max)	Max Flow	Max Ht.	1'	5'	10'	20'	25'
T1500	1.1-2.5	121-280	1518	28'	1488	1368	1212	798	480
T4000	2.57-4.45	290-520	4200	28'	4116	3672	3110	1830	960

Simple solutions. Beautiful results.
