

Celebration[®] Maple

(*Acer x freemanii* 'Celzam' USPP7279)

Shade Tree

40' - 50' High

30' - 35' Spread

**Growth
Fast**

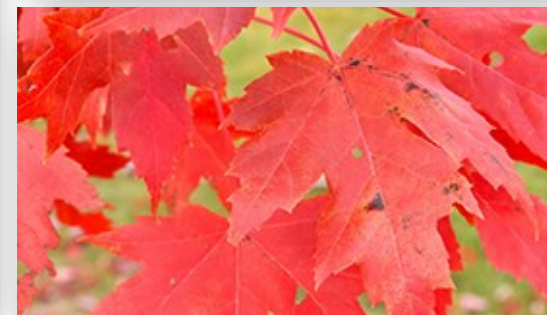

4 + Hours

**Fast Growing
Red Fall Color**

Zone 4 - 8

With the beautiful colors of a red maple and the growth speed of a silver maple this hybrid can do it all. From the show stopping fall colors to the tolerance of different soil types this maple has plenty to celebrate. A great front of the yard shade tree, privacy screen or addition to existing forest this tree can do it all.
