

Ice Dragon[®] Korean Maple

(*Acer x pseudosieboldinum* 'Ice Dragon[®]' ('IsIID'))

Ornamental Tree

8' - 10' High

12' - 15' Spread

**Growth
Moderate**

0 - 6 Hours

**Weeping
Understory**

Zone 4 - 8

Ice Dragon[®] Korean Maple is a graceful, cold-hardy maple that combines stunning aesthetics with exceptional resilience. With its weeping, cascading growth habit, the Ice Dragon[®] creates a delicate, sculptural presence in any landscape. In spring and summer, its finely textured, deeply lobed leaves display a lush green, transitioning in autumn to a vibrant symphony of orange, red, and yellow hues.
