

Royal Red Maple

((*Acer platanoides* 'Royal Red'))

Shade Tree

30' - 40' High

25' - 35' Spread

**Growth
Slow**

4 + Hours

**Hardwood
Burgundy Foliage**

Zone 4 - 7

The Royal Red Maple is a Norway Maple selection that is similar to the 'Crimson King', but with a slower, stronger growth rate and better color. It has a straight trunk with a dense, well shaped canopy. The glossy foliage is an excellent maroon color all summer long. The Royal Red Maple is heat and drought tolerant once established.
