

# Urban Sunset® Maple

(*Acer truncatum x platanoides* 'JFS-KW187' USPP27545)

**Shade Tree**

**30' - 35' High**

**15' - 20' Spread**

**Growth  
Moderate**

**4 + Hours**

**Residential Size  
Red Fall Color**

**Zone 3 - 8**

Urban Sunset® Maple is admired for its upright, rounded form and exceptional fall color. Its glossy green leaves emerge in spring and mature to a rich, vibrant palette of red, orange, and gold in autumn, creating a dramatic seasonal display. With strong branching and a compact, manageable size, Urban Sunset® Maple is ideal for urban landscapes, streetscapes, parks, and residential yards where space is limited.
