

# Firefly Diamond Yarrow

(*Achillea hybrid* 'Firefly Diamond' USPP32986)

**Perennial**

**2' - 2.5' Tall**

**2.5' - 3' Wide**

**Bloom Time:  
Summer**

**4 + Hours**

**Zones 3 - 8**

Firefly Diamond Yarrow is a stunning, hardy perennial prized for its elegant, upright, columnar habit and dazzling clusters of creamy-white, long-lasting blooms that illuminate summer gardens. The flat-topped flower corymbs, composed of numerous tiny, delicate ray florets, create a soft yet striking contrast against the plant's rich, dark green, finely dissected, fern-like foliage, adding texture and visual interest throughout the season.
