

Firefly Fuchsia Yarrow

(*Achillea hybrid* 'Firefly Fuchsia')

Perennial

1.5' - 2' Tall

2' - 2.5' Wide

**Bloom Time:
Summer**

4 + Hours

Zones 3 - 8

Firefly Fuchsia Yarrow is a vibrant, sun-loving perennial prized for its bold color and easy-care nature. It forms a low, spreading mound of finely textured, fern-like green foliage that provides a soft backdrop to its striking flower clusters. From late spring through summer, flat-topped blooms emerge in vivid fuchsia-pink tones, attracting butterflies and other pollinators to the garden.
