

# Sunjoy® Citrus Barberry

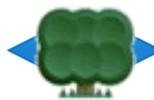

(*Berberis thunbergia 'Koren'* USPP24818)

**Shrub**

**2' - 3' High**

**2' - 3' Spread**

**4 + Hours**

**Compact Size  
Golden Foliage**

**Zone 4 - 8**

The foliage of the Sunjoy® Citrus Barberry starts as a bright citrusy orange in the spring, transitions to a yellow-green color during the summer, and then deepens to a rich reddish-orange in the fall. It's often used as a focal point in garden beds, as a low hedge, or in mass plantings for its striking color. **Barberries have spines!**
