

Peppermint Patty Pigsqueak

(*Bergenia hybrid* 'Peppermint Patty' USPP35646)

Perennial

18" - 22" Tall

16" - 18" Wide

**Bloom Time:
Spring**

0 - 4 Hours

Zones 4 - 8

Peppermint Patty Pigsqueak is a striking and hardy perennial plant often grown for its unique foliage and vibrant flowers. In spring, the plant produces clusters of bright pink or magenta blooms held above the foliage on sturdy stems. The plant features large, leathery, heart-shaped leaves that are rich green during the growing season. As temperatures drop, the foliage often develops shades of bronze, red, or purple.
