

Winter Glow Pigsqueak

(*Bergenia cordifolia* 'Winter Glow')

Perennial

10" - 15" Tall

12" - 18" Wide

**Bloom Time:
Spring**

0 - 4 Hours

Zones 3 - 8

In early to mid-spring, Winter Glow Pig Squeak produces striking clusters of magenta to pink flowers on thick, sturdy stems that rise above the foliage. Its large, leathery, heart-shaped leaves are glossy green during the growing season, turning to deep shades of red and burgundy in the fall and winter, providing year-round interest.
