

# Northern Catalpa

*(Catalpa speciosa)*

**Ornamental Tree**

**40' - 60' High**

**20' - 40' Spread**

**Growth  
Fast**

**4 + Hours**

**Spring Blooming  
Unique Foliage**

**Zone 4 - 8**

Northern Catalpa is a fast growing shade tree with ornamental values. It has white blooms late spring which are fragrant. Large leaves are sure to provide dense shade for the house. Catalpa trees are also referred to as Cigar Trees due to the long narrow seed pods.
