

# Hearts A'Fire™ Redbud

(*Cercis canadensis* 'JN100')

**Ornamental Tree**

**10' - 15' High**

**10' - 15' Spread**

**Growth  
Moderate**

**4 + Hours**

**Red New Growth  
Pink Flowers**

**Zone 5 - 9**

Hearts A'Fire™ Redbud is a striking, small deciduous ornamental tree that delivers season-long color and multi-season interest in the landscape. In early spring, before the leaves appear, it produces abundant clusters of deep pink, pea-like flowers along its bare branches. As the blooms fade, large heart-shaped leaves emerge in a dramatic blaze of burgundy-red, tangerine, orange, and gold, often displaying multiple fiery tones on the same branch before gradually maturing to a reddish-green.
