

Crystal Fountain Clematis

(*Clematis* 'Evipo038' USPP18223)

Vine

4' - 7' Tall

As Trained Wide

**Bloom Time:
Late Spring to Fall**

4 + Hours

Zones 4 - 9

Crystal Fountain Clematis produces large flowers reaching 4 to 5 inches across from late spring to fall. Pruning after the first flush of flowers to ensure a second bloom later in the season. A terrific vine to attract pollinators and to add a focal point in the landscape.
