

Rooguchi Clematis

(*Clematis* 'Rooguchi')

Vine

5' - 6' Tall

As Trained Wide

**Bloom Time:
Summer**

4 + Hours

Zones 3 - 8

One of the standout features of the Rooguchi Clematis is its long and continuous blooming period from spring to fall. The deep purple bell shaped flowers hang from the vine gracefully. The vine's slender stems and twining nature make it an excellent choice for trellises, fences, or arbors, creating a vertical masterpiece in the landscape.
