

Crème Brulee Coreopsis

(*Coreopsis verticillate* 'Crème Brulee')

Perennial

1' - 2' Tall

2' - 3' Wide

**Bloom Time:
Summer**

4 + Hours

Zones 5 - 9

Crème Brulee Coreopsis has bright, buttery-yellow, daisy-like flowers with slightly frilled petals that bloom profusely from early summer to fall. The flowers are complemented by delicate, fern-like, green foliage, which provides a lovely backdrop.
