

# Moonbeam Coreopsis

(*Coreopsis verticillata* 'Moonbeam')

**Perennial**

**1' - 1.5' Tall**

**1.5' - 2' Wide**

**Bloom Time:  
Summer**

**4+ Hours**

**Zones 3 - 9**

Moonbeam Coreopsis is a compact perennial that features pale yellow, daisy-like flowers. The fern-like foliage adds texture to any type of garden, from borders to large perennial beds. Can be sheared in the late summer to encourage a fall bloom.
