

Dusky Maiden Smokebush

(*Cotinus* x 'Dusky Maiden' USPP20358)

Shrub

5' - 7' High

5' - 7' Spread

4 + Hours

**Burgundy Foliage
Unique Blooms**

Zone 5 - 8

Dusky Maiden Smokebush is an elegant, small-scale shrub that adds a soft, dreamy presence to the landscape. Its burgundy leaves create a cool, soothing backdrop before giving way to delicate clouds of blush-pink, smoke-like flowers in late spring and early summer. These feathery plumes seem to float above the foliage, catching the light and adding gentle movement to the garden.
