

# Thornless Cockspur Hawthorn

*(Crataegus crus-galli var. inermis)*

**Ornamental**

**15' - 25' High**

**15' - 20' Spread**

**Growth  
Slow**

**4 + Hours**

**Spring Blooming  
Red Fall Color**

**Zone 4 - 9**

Thornless Cockspur Hawthorn has single white flowers that cover the tree in the spring. Small red fruit follow the flower and persist into the winter. The glossy green foliage will turn reddish purple in the fall. The bark will exfoliate as the tree matures provide winter interest. The horizontal branching on the Thornless Cockspur Hawthorn adds a different look to the landscape.
