

# Cupid Bleeding Heart

(*Dicentra spectabilis* 'Cupid')

**Perennial**

**2' - 3' Tall**

**2' - 3' Wide**

**Bloom Time:**  
**Spring**

**0 - 4 Hours**

**Zones 3 - 9**

Cupid Bleeding Heart is a charming perennial that adds graceful beauty and delicate color to shaded gardens. In spring, slender arching stems are lined with small, heart-shaped flowers in soft rose-pink tones, accented by white tips, creating a romantic, airy display above finely divided, blue-green foliage.
