

# Jade Butterfly Ginkgo

*(Ginkgo Biloba 'Jade Butterflies')*

**Ornamental Tree**

**12' - 15' High**

**8' - 10' Spread**

**Growth  
Slow**

**4 + Hours**

**Unique Foliage  
Golden Fall Color**

**Zone 4 - 9**

The Jade Butterfly Ginkgo is also a hardy and low-maintenance plant that grows to a compact size. The leaves of the Jade Butterfly Ginkgo are fan-shaped and have a beautiful green color that turns a vibrant yellow in the fall. The leaves are also finely serrated, giving them a delicate appearance.

A great specimen to plant as a focal point.
