Perennial

24" - 26" Tall

20" - 24" Wide

**Bloom Time:
Summer**

4 + Hours

Zones 5 - 10

Autumn Gold Narrow-leaved Sunflower is a vibrant, late-season perennial that brings a cheerful burst of golden color to the garden when most other plants are fading. This compact and upright variety produces masses of bright yellow, daisy-like flowers with dark centers from late summer into fall, creating a glowing display that attracts bees, butterflies, and other pollinators.
