

Tuscan Sun False Sunflower

(*Heliopsis helianthoides* 'Tuscan Sun' USPP18763)

Perennial

24" - 36" Tall

18" - 24" Wide

Bloom Time:
Summer

4 + Hours

Zones 3 - 9

Tuscan Sun False Sunflower produces 2 inch yellow flowers with orange centers in the summer months. This small perennial packs a big punch with its resemblance to the large sunflowers that we all know and love! A great alternative to Black Eyed Susan or Coreopsis.
