Ornamental Tree

8' - 12' High

4' - 6' Spread

**Growth
Slow**

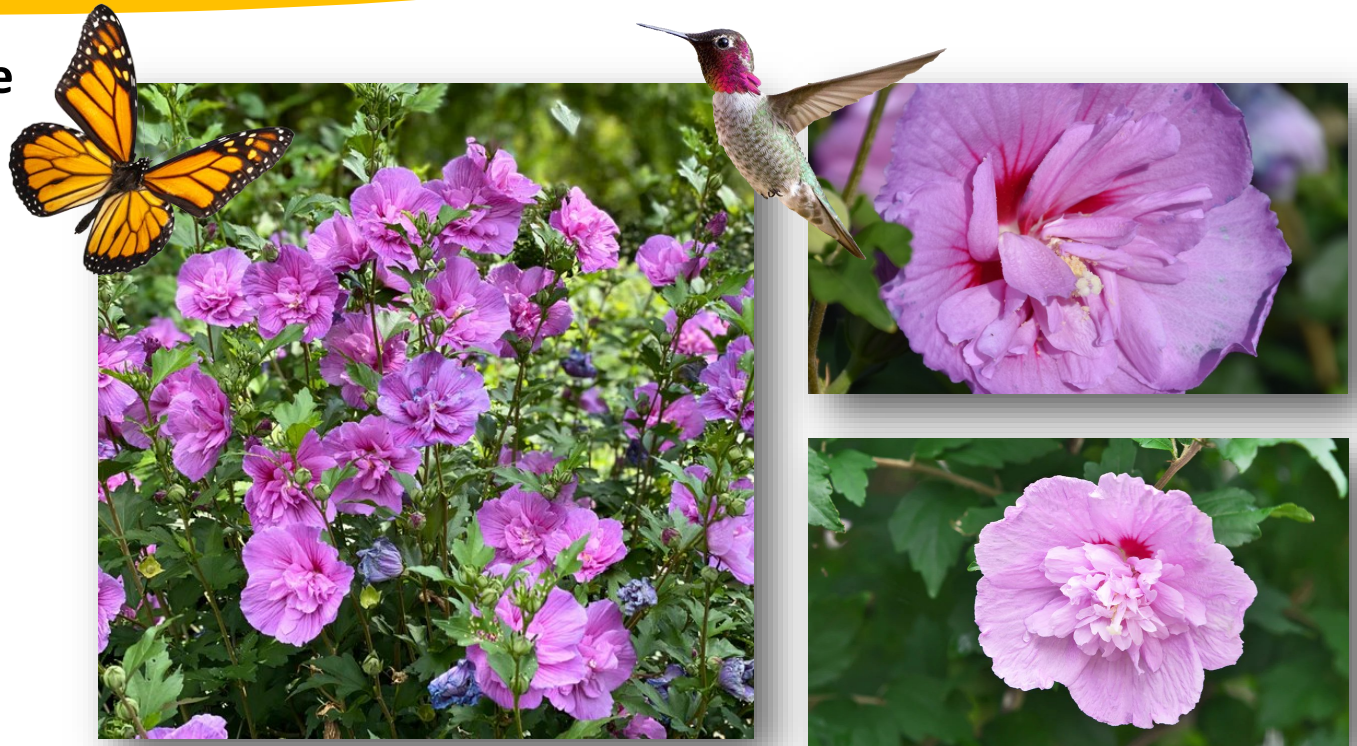

4 + Hours

**Tropical Flower
Long Blooming**

Zone 5 - 9

Lavender Chiffon® Althea is flowering shrub or small tree prized for its abundant summer blossoms and easy-care nature. From mid-summer into early fall, it produces large, showy lavender flowers with soft, lacy petals and often a subtle red-toned center, creating an airy, decorative display that attracts butterflies and hummingbirds and adds long lasting color.
