

Hans Hosta

(*Hosta* 'Hans')

Perennial

1.5' - 2' Tall

2' - 2.5' Wide

**Bloom Time:
Summer**

0 - 4 Hours

Zones 4 - 9

Hans Hosta is a handsome, medium-sized perennial valued for its bold foliage and dependable garden performance. It forms a dense mound of thick, slightly cupped variegated leaves with a softly textured surface that adds cool color and structure to shaded landscapes. In early to midsummer, tall stems rise above the foliage bearing pale lavender flowers that attract pollinators.
