The #1 Plant Brand®

(*Hydrangea paniculata* 'SMNHPPH' USPP32511)

Ornamental Tree

4' - 6' High

4' - 5' Spread

**Growth
Moderate**

4 + Hours

**Late Blooming
Improved Variety**

Zone 3 - 8

Limelight Prime® Hydrangea is an improved version of the Limelight Hydrangea. It blooms huge flowers that emerge green then fade to white and finally turn a bright pink in mid-summer well into fall. Limelight Prime® is more compact and has brighter flowers than the Limelight Hydrangea. You should prune Paniculata Hydrangeas in the winter or early spring.
