

Powerball® Hydrangea

(*Hydrangea paniculata 'SMNHPLK'*)

Shrub

3' - 6' High

3' - 6' Spread

4 + Hours

**Large Flowers
Long Blooming**

Zone 3 - 9

Powerball® Hydrangea is a striking, compact shrub that brings bold texture and reliable color to the garden. In midsummer, it produces impressively large, perfectly rounded flower clusters that open fresh green and mature to a clean, bright white, and then fade to a light pink. The sturdy, well-branched habit supports the blooms without flopping, making it ideal for borders and foundation plantings.
