

# Puffer Fish® Hydrangea

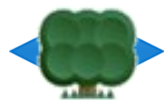

(*Hydrangea paniculata* 'NCHP1' USPP35316)

**Shrub**

**3' - 5' High**

**3' - 5' Spread**

**4 + Hours**

**Large Blooms  
Long Blooming**

**Zone 3 - 9**

Puffer Fish® Hydrangea showcases large, elongated flower clusters that are cone-shaped. White Flowers appear in midsummer and fade to a greenish tint in the fall. A wonderful shrub to use as a focal point in a garden bed, as part of a mixed border, or even as a stunning cut flower for floral arrangements .
