

# Quick Fire® Hydrangea

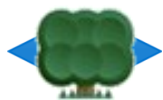

(*Hydrangea paniculata* 'Bulk' USPP16812)

**Shrub**

**6' - 8' High**

**6' - 8' Spread**

**4 + Hours**

**Fall Colors  
Color-Changing**

**Zone 3 - 9**

Quick Fire® Hydrangea is notorious for blooming earlier than other varieties. The blooms open white then fade to a pinkish red and lasts for weeks. Its thick green foliage turns multiple colors in the fall from red to yellow and even orange. A great choice for a hedge or to plant as a specimen.
