

# Silver Blue Variegated Hydrangea

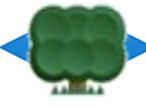

*(Hydrangea macrophylla 'Mariessi Variegata')*

**Shrub**

**4' - 5' High**

**3' - 4' Spread**

**0 - 4 Hours**

**Variegated Foliage  
Lacecap Flowers**

**Zone 5 - 9**

Silver Blue Variegated Hydrangea is a distinctive and elegant shrub valued as much for its striking foliage as for its showy blooms. Its large, serrated leaves are splashed and edged with creamy white variegation, creating a bright, refined backdrop throughout the growing season. In summer, rounded clusters of blue lacecap flowers emerge, their cool tones beautifully contrasting with the silvery-patterned foliage.
