

Fizzy Mizzy® Sweetspire

(*Itea virginica* 'SMNIVMM' USPP33549)

Shrub

2' - 3' High

2' - 3' Spread

**0 - 8 Hours/Full
Sun or Full Shade**

**Versatile Shrub
Fragrant Flowers**

Zone 5 - 9

Fizzy Mizzy® Sweetspire is a compact, deciduous shrub prized for its fragrant spring blooms, tidy habit, and outstanding seasonal color. In late spring to early summer, it produces abundant, upright white flower spikes that release a sweet fragrance and attract pollinators. Glossy green foliage forms a dense, rounded mound through the growing season, then transforms into brilliant shades of red, orange, and burgundy in fall.
