

# Weeping Larch

(*Larix decidua 'Pendula'*)

**Ornamental Tree**

**8' - 12' High**

**10' - 12' Spread**

**Growth  
Moderate**

**4 + Hours**

**Unique Specimen  
Yellow Fall Color**

**Zone 3 - 6**

The Weeping Larch features soft, feathery needles that emerge a bright lime green in spring, deepen to a lush green in summer, and turn golden yellow in fall before shedding for the winter, revealing its dramatic, weeping form.
