

Slender Silhouette Sweetgum

(Liquidambar styraciflua 'Slender Silhouette')

Ornamental Tree

40' - 50' High

5' - 6' Spread

**Growth
Moderate**

4 + Hours

**Columnar Shape
Unique Fall Color**

Zone 5 - 9

Slender Silhouette Sweetgum is a columnar variety of sweetgum on reaching six feet wide. This variety also produces less seeds than other Sweetgum varieties. It has dark green foliage throughout the growing season and will change from yellow to burnt red in the fall. A great tree to plant on property lines or as a privacy screen.
