

# Columnar Tulip Tree

(*Liriodendron tulipifera* 'Fastigiata')

**Shade Tree**

**40' - 50' High**

**15' - 20' Spread**

**Growth  
Fast**

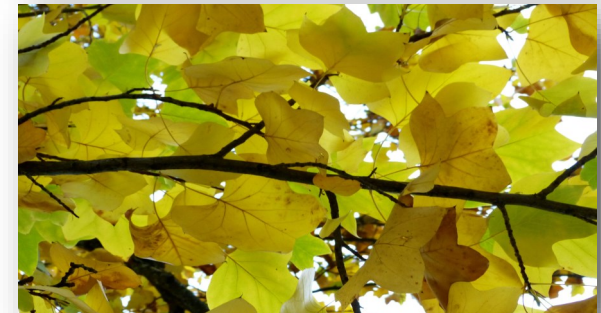

**4 + Hours**

**Columnar Shape  
Golden Fall Color**

**Zone 5 - 9**

Columnar Tulip Tree naturally grows in an upright form and won't take over the whole yard. It grows tall enough to provide shade but can be planted in smaller areas. The green tulip shaped leaves turn bright yellow in the fall.
