

Big Blue Liriope

(*Liriope muscari* 'Big Blue')

Perennial

12" - 18" Tall

18" - 24" Wide

**Bloom Time:
Summer**

0 - 4 Hours

Zones 5 - 10

Big Blue Liriope features long, arching, blade-like leaves that are deep green in color. The foliage forms dense clumps, providing excellent ground cover. In late summer to early fall, Big Blue Liriope produces spikes of small, bell-shaped flowers that rise above the foliage. These flowers are a striking shade of lavender-blue, adding a splash of color to the landscape.
