2' - 3' Tall

1' - 1.5' Wide

**Bloom Time:
Summer**

4 + Hours

Zones 4 - 9

Blue Cardinal Flower is a hardy perennial native to Iowa, renowned for its striking blue to violet tubular flowers that bloom from mid-summer to early fall. A favorite among pollinators, including bees, butterflies, and hummingbirds, the Great Blue Lobelia adds a bold splash of color to the landscape while contributing to local biodiversity.
