

American Hophornbeam (Ironwood)

Iowa Native

(Ostrya virginiana)

Ornamental Tree

25' - 30' High

25' - 30' Spread

**Growth
Slow**

4 + Hours

**Spring Blooming
Hardwood**

Zone 3 - 9

The American Hophornbeam is a slow, yet strong tree with a great level of tolerance and adaptability. The Hophornbeam gets its name from it's flower which emerges in spring and resembles the beer hops. The fall color is a bronze-yellow with great contrast. The American Hophornbeam is a perfect tree for a variety of soil conditions and provides lasting consistency for years and years to come.
