

Cora Louise Itoh Peony

(*Paeonia* x 'Cora Louise')

Perennial

2.5' - 3' Tall

2.5' - 3' Wide

**Bloom Time:
Late Spring**

4 + Hours

Zones 4 - 8

Cora Louise Itoh Peony is a striking intersectional peony known for its exceptional blooms, strong habit, and extended garden interest. In late spring to early summer, it produces large, semi-double to double flowers with crisp white petals accented by dramatic lavender-purple flares at the base, creating a bold, eye-catching contrast. The lightly fragrant blooms are held above a sturdy, well-branched plant with thick stems that rarely require staking.
