**Perennial**

**1.5' - 2' Tall**

**2' - 3' Wide**

**Bloom Time:**  
**Late Spring**

**4 + Hours**

**Zones 4 - 8**

Madame Emile Debatene Double Peony is a refined, herbaceous peony celebrated for its elegant form and romantic coloring. In late spring to early summer, it produces large, fully double blooms with layers of soft blush-pink petals that deepen toward the center, creating a luminous, classic peony look. The flowers are lightly fragrant and borne on sturdy stems above a lush mound of deep green, finely cut foliage that remains attractive throughout the season.
