

Shenandoah Switch Grass

(*Panicum virgatum* 'Shenandoah')

Perennial Grass

4' - 5' Tall

2' - 3' Wide

4 + Hours

Cutback In Spring

Zones 4 - 9

Like many prairie grasses, Shenandoah Switch Grass is an easy care, drought tolerant selection for any landscape. Leaf blades are tinged with red and get darker in early fall. Misty pink blooms float above the foliage in late summer. It is low maintenance, just cut back once a year – but wait until late winter to do so that you can take advantage of the architecture and color throughout the fall and winter.
