

Déjà Blue® Blue Spruce

(*Picea pungens* 'INHoopMo' USPP34795)

Evergreen Tree

12' - 15' High

6' - 8' Spread

Growth Slow

4 + Hours

Zone 2 - 7

Déjà Blue® Blue Spruce is a compact, slow-growing evergreen prized for its intense steel-blue needles and naturally dense, pyramidal form. This refined Colorado spruce offers all the classic color and texture of blue spruce in a more manageable size, making it ideal for residential landscapes.
