

Montrose Spire White Spruce

(*Picea glauca* 'Montrose Spire')

Evergreen Tree

20' - 25' High

6' - 8' Spread

Growth Slow

4 + Hours

Zone 3 - 8

Montrose Spire White Spruce is a narrow, upright evergreen prized for its strong central leader and dense, refined form. This columnar selection of white spruce features rich blue-green needles that hold their color year-round and create a clean, architectural silhouette in the landscape.
