

# Weeping White Spruce

(*Picea glauca* 'Pendula')

**Evergreen Tree**

**15' - 25' High**

**6' - 10' Spread**

**Growth Moderate**

**4 + Hours**

**Zone 3 - 8**

The Weeping White Spruce is a straight trunked tree with very pendulous branches. The Lower branches skirt on the ground, a very stately, formal tree. Needles are green with a blue cast, and the cones are a pink hue when they emerge. A perfect choice for narrow spaces.
