

# Vanderwolf's Pine

(*Pinus flexilis* 'Vanderwolf's Pyramid')

**Evergreen Tree**

**20' - 30' High**

**10' - 15' Spread**

**Growth Fast**

**4 + Hours**

**Zone 4 - 7**

The Vanderwolf's Pine is an evergreen that quickly grows into an attractive, elegant specimen. Besides just being fast growing, it is also resistant to pests and disease, drought tolerant. This tree works great in windbreaks or as a specimen tree. The innermost needles will shed yearly in the fall. Avoid planting in wet soils.
