

Swedish Columnar Aspen

(*Populus tremula 'Erecta'*)

Shade Tree

30' - 40' High

8' - 10' Spread

**Growth
Moderate**

4 + Hours

**Columnar Shape
Unique Bark**

Zone 2 - 5

Swedish Columnar Aspen has flat, rounded green leaves that flutter in the breeze providing both visual interest and soothing sound to the landscape. Its very narrow form is great for small areas, as a tall screen, and for lining a drive. Well-adapted to very cold climates.
