4 + Hours

Size: 6" - 12" Tall 6" - 12" Wide

Portulaca is also known as Moss Rose come in a wide range of colors from red, pink, orange, yellow and white. Portulaca is considered a succulent and is extremely drought tolerant. Its vibrant flowers attract Butterflies and Pollinators. This annual has been known to sprout again in the spring where seeds were dropped the season before. Portulaca is considered pet friendly but is recommended to keep out of reach from pets.
