

Bing Cherry

(*Prunus avium 'Bing'*)

Fruit Tree

15' - 20' High

15' - 20' Spread

**Growth
Moderate**

4 + Hours

**Spring Blooming
Baking Fruit**

Zone 5 - 9

The Bing Cherry is the famous sweet cherry. It will be completely covered with white flowers in the spring. Once foliage emerges the large, dark fruit will soon appear. Bing Cherry can be used for baking or eaten fresh off the tree.

**Pollinators: Rainier, Lapin, Black
Tartarian, and Stella.**
