

# Crimson Cascade Weeping Peach

(*Prunus Persica 'Crimson Cascade'*)

**Ornamental Tree**

**10' - 12' High**

**6' - 8' Spread**

**Growth  
Moderate**

**4 + Hours**

**Pink Flowers  
Weeping**

**Zone 5 - 9**

Crimson Cascade Weeping Peach is an eye-catching ornamental tree prized for its dramatic, cascading form and rich color throughout the seasons. In early spring, bare, arching branches are smothered in deep rose-pink flowers, creating a breathtaking display before the foliage appears. Slender, burgundy-purple leaves emerge soon after and maintain their intense color through summer, adding refined texture and contrast in the landscape.
